

## SELECT TEACHERS FOR ENSUING TERM

### Board of Education Retains Nearly All of 1921-1922 Staff of Educators.

### CHOOSE NEW PRINCIPAL

Position Goes to Prof. E. F. Osborn, of Fairfield—R. G. McBride Not an Applicant.

Teachers for all the positions in the Carroll schools were chosen Monday night at a meeting of the board of education, nearly all of the teaching staff for 1921-1922 being retained for the ensuing school year. Prof. E. F. Osborn, of Fairfield, an ex-service man and graduate student of the University of Chicago, was chosen principal to succeed Prof. R. G. McBride, who was not an applicant for re-election.

Professor McBride expects to become superintendent of schools in another city in Iowa this year. Before coming to Carroll he held the position of superintendent at Ware and at Norwalk. Professor Osborn will study at Chicago during the summer months, coming to Carroll just prior to the beginning of the fall term of school.

Kindergarten and preliminary grades will be in one room when school opens next fall, this new arrangement saving the salary of one teacher. This arrangement is similar to that in other rooms, each grade having an "A" and "B" division.

Following are the names of teachers chosen for the work during the next school year:

#### HIGH SCHOOL

J. N. Cunningham, superintendent, chosen for two years.

Professor Osborn, principal, physics and general science.

J. Kratoska, manual training, U. S. history and civics.

Miss Maude Crabb, geometry and chemistry.

Miss Mary Warren, home economics and physiology.

Miss Catherine Worth, Latin and English.

Miss Virginia Brightwell, English.

Miss Leah Mitchell, normal training.

Mrs. Bertha Johnson, commercial subjects.

Miss Marie Cunningham, mathematics.

Miss Hazel Johnson, French and history.

Miss Annie Chapman, of Oskaloosa, assistant in commercial department.

Miss Frances Rainbow, physical training and English.

Miss Grace Thorn, music supervisor.

#### NORTH GRADE SCHOOL

Miss Mabel Tappan, principal.

Miss Maude Youngman, art- and junior high subjects.

Mrs. Liera Rauer, junior high subjects.

Miss June Winter, Miss Nelle Jones and Miss Mary Ketterling, fourth, fifth and sixth grade departmental work.

Miss Jennie Aiken, of Corning, third grade.

Miss Marie Johnson, second grade.

Miss Zella Hecker, first grade.

Miss Bess Simmons, kindergarten and preliminary.

#### SOUTH GRADE BUILDING

Miss Mary Kelley, principal.

Miss Emma Serks, third and fourth grades.

Miss Leota Sullivan, first and second grades.

#### AUDITOR GIVES DOG OWNERS "LAST CHANCE" TO PAY UP

County Auditor Peter Stephany is mailing notices to more than 700 dog owners of the county who have failed to pay the license fee required under the new state law. Mr. Stephany is giving dog owners a "last chance" to procure licenses before the penalty is added to the license fee. The license must be paid on or before April 26 or a delinquent fee of \$1 will be added to the cost of the license, together with the costs of publishing the name of the delinquent owner.

#### High School Baseball Season Opens Friday When Carroll Plays Manning

Play Ball! The first high school baseball game of the season in Carroll county will be played Friday afternoon at 3:30 o'clock at Manning between the Carroll and Manning teams, this game being the "opener" for the Carroll County Baseball league, composed of the high school teams of Carroll, Manning, Coon Rapids and Glidden. The next game in which the Carroll team takes part will be played here a week from Friday, on April 28, with the Coon Rapids nine. Manning plays at Glidden the same date.

Twelve games are scheduled for the season, three in each town in the league. Season tickets, good for the three games to be played here, are on sale at 50 cents each.

Coach R. G. McBride is rounding his high school nine into shape for tomorrow's game and feels confident that Carroll won't be ashamed of the team's record this season. Coach McBride has three pitchers who give promise of making good—George

## OLD RESIDENT DIES AFTER LONG ILLNESS

Albert Kuschel, 77 Years Old, Succumbs to Abdominal Cancer—Funeral Tomorrow.

Albert Kuschel, 77 years old, for many years a resident of Carroll county, died in the St. Anthony hospital early Wednesday morning after a serious illness of many months. The cause of his death was abdominal cancer.

Mr. Kuschel is survived by two daughters, Mrs. Henry Janssen and Mrs. Richard C. P. Berger, and one son, F. W. Kuschel, all of Carroll. He was a member of the Lutheran church.

Funeral services will be held Friday afternoon at 1:30 o'clock at the home and at 2 o'clock at the Lutheran church, conducted by the pastor, Rev. A. J. Mueller.

## ISAAC N. PERIGO DIES AT HOME IN GLIDDEN

Six Weeks' Illness Fatal to 83-Year-Old Citizen of Carroll County

### CAME TO IOWA IN 1902

Member of I. O. O. F. and Masonic Orders—Body Taken to Boswell, Ind., for Interment.

Isaac N. Perigo, a resident of Carroll county for 20 years, died at his home in Glidden Sunday morning after an illness of six weeks. Funeral services were held at the home Monday afternoon, at 2:30 o'clock, Rev. Mr. Pancher officiating. His remains were taken to Boswell, Ind., for burial and were accompanied by his widow and by Mr. and Mrs. W. T. Ross and Mr. and Mrs. O. N. Perigo. Interment was made in the Boswell cemetery Wednesday afternoon.

Mr. Perigo was the son of Isaiah H. and Sarah Ann Perigo and was the eldest of 11 children. He was born in Benton county, Ind., June 11, 1839. He was united in marriage to Miss Sarah E. Smith, October 26, 1865, at Boswell, Ind. For 62 years he lived in the county of his birth, moving to Iowa in 1902. He located on a farm east of Glidden where he lived six years. In 1908 he retired and moved to his home in Glidden.

Mr. Perigo became ill with double pneumonia six weeks ago. His remarkably strong constitution withstood the attack to a wonderful extent, but the weight of nearly 83 years was too great to make complete recovery possible. The release from suffering came Easter morning at 10:30 o'clock. He is survived by his widow and three children, Mrs. W. T. Ross, of Carroll, Mrs. A. J. Thomas, of Harvey, Ill., and Newton Perigo, of Glidden. Six of his brothers and sisters still survive. There are seven grandchildren and four great grandchildren. Mr. Perigo was a member of the Odd Fellows, Masonic, Eastern Star and Rebekah orders. In the ritualistic work he was unusually proficient and endeavored to make lodge work more than a formal matter. He was a man of upright moral life, a good neighbor and citizen and one that will be missed in the community.

## RUNAWAY TEAM CAUSE OF WOMAN'S DEATH

Mrs. Fred Dillavou Dies in Carroll Hospital as Result of Terrible Injuries.

Mrs. Fred Dillavou, of Greene county, was brought to the New Carroll hospital Thursday suffering from terrible injuries received when a team ran away and threw her out of a buggy. She died Friday morning as a result of her injuries. Besides suffering internal injuries, Mrs. Dillavou suffered a compound fracture of the leg, the bones being forced through the flesh and into the ground when she was thrown from the buggy.

A \$300,000 church of all nations is to be erected on the site of a one-time notorious dive in the old Bowery district of New York City.

## The Old, Old Story

## SCHOOL AT WILLEY DAMAGED BY FLAMES

Fire of Unknown Origin Threatens Destruction of Two-Story Building.

### CALL CARROLL FIREMEN

Bucket Brigade Extinguishes Blaze Before Chemical Truck Arrives on Scene.

Flames originating from an unknown cause in the roof of the St. Mary's school at Willey, eight miles southeast of Carroll, about 6 o'clock Friday night, caused damage estimated at \$500, and had it not been for the timely work of a volunteer bucket brigade the building would have been entirely destroyed.

Smoke was first noticed pouring from the shingle roof and the men and boys of the little village at once organized a bucket brigade and began a determined fight to save the school. It was necessary to carry water to the second story, then out through a dormer window and pass the buckets up a ladder on the sloping roof.

Axes were freely used and a hole chopped through the roof so the flames could be reached. Most of the fire was confined to the space between rafters, but it was extremely difficult to reach it with water in sufficient quantities to quench the flames. The fire department in Carroll responded to an "SOS" call from Willey and took the Carroll chemical truck to the scene, arriving just after the flames had been extinguished.

It is thought the fire may have originated from a short circuit in the electric wiring, although evidence on this point is lacking. The building is two stories and is of brick and stone construction.

Rev. Father M. A. Schemel was first upon the scene when the alarm was given and directed the work of fighting the flames. It is said the clergyman scaled ladders and fought the fire like a veteran at the game.

## Inscribes Eggs With Date of Manufacture and Weather Forecast

Written with a lead pencil on an egg purchased a few days ago at a Carroll store, a Carroll woman was surprised to find this notation: "This egg laid today, April 11, 1922, nice day, by gosh. M. L. Collison, Carroll Route No. 3."

Inscribing upon the eggs the date of their manufacture gives protection to a customer that should be appreciated, and brief comment on weather conditions, with perhaps an occasional forecast, certainly is a service worth a slight advance in the price per dozen.

## BOY'S EYE SPLIT OPEN BY LITTLE PLAYMATE

Menzo Norris, Eight Years Old, Victim of Accident While Playing With Small Lads.

Little Menzo Norris, eight years old, residing on East Sixth street, met with an accident Sunday morning while playing with some other boys of his age that necessitated the removal of one of his eyes an hour later. The operation was performed by Dr. O. C. Morrison at the St. Anthony hospital.

Menzo was struck by a stick in the hands of one of his playmates and his eyeball was split open, the eye literally bursting from the force of the blow.

## CARROLL MAN ONE OF 700 HEIRS TO ESTATE

A. E. Coppock Has Interest in Pennsylvania Property Appraised at One Billion Dollars.

John Urbany, of the law firm of McCrary & Urbany, was in Des Moines yesterday looking after the interests of A. E. Coppock, of Carroll, one of the heirs to the Coppock-Coate billion-dollar Pennsylvania estate. The estate was originally owned by Marmaduke Coate and Moses W. Coppock, Pennsylvania coal barons, and it is claimed the property will be divided among 700 heirs in all parts of the United States.

Heirs from Iowa, South Dakota, Minnesota, Missouri and Nebraska held a meeting at Des Moines yesterday to complete plans for division of the estate which has been appraised at more than a billion dollars. It includes thousands of acres of Pennsylvania land, some of which abounds in oil, gas and coal mines.

## TO BUILD LARGE TILE AND STUCCO GARAGE

Mayor S. H. Johnston Plans Early Erection of Structure for W. R. Macke.

### BUILDING TO BE 40x70

Will Have Office, Salesroom, Repair Shop, Heating System, Plate Glass Show Windows.

Mayor S. H. Johnston is soon to begin the erection of a modern garage building, 40x70 feet in size and of tile and stucco construction, on the north side of the Lincoln highway between Court and Clark streets, the present location of the W. R. Macke garage. The old building will be moved to the back of the lot and Mr. Macke will continue to occupy it until the new garage is completed.

Present plans call for a large building, containing an office and salesroom in front and repair shop at the rear. The building will have a south front with large plate glass show windows, and with two entrances, one on the south and one on the east. A heating system will be installed and Mr. Macke will make a specialty of storage during the winter months.

Dirt from the excavation for the new Selzer building is being hauled to the Johnston property and used for filling up the lots so that the new building will be slightly higher than the sidewalk at the south entrance.

### GROWING BUSINESS FORCES MOVE TO LARGER QUARTERS

W. I. Wiedemeier, who will soon move his plumbing and tinning establishment to the Scott building opposite the New Carroll hospital on Fifth and Court streets, says he is forced to change locations because of lack of room, and that in his new quarters he will be better able to serve his customers.

When Mr. Wiedemeier first started in business here, about five years ago, he had heat plant installations and tinning exclusively. Now, however, he has enlarged the scope of his activities to include sewer work, water service, plumbing of all kinds, sheet metal work and heating plant installations.

By proclamation, President Harding has set aside a 592-acre tract in the Nevada National Forest, as the Lehman Caves national monument. The caves are near Baker, Nev., at the base of Mount Wheeler and are at an elevation of 7,200 feet. They contain stalactites and stalagmites, galleries and columns of rare beauty.

## WINS STATE HONORS IN RAT SLAUGHTER

Jim Smith, of Carroll, Takes First Prize for Big "Kill" of 990 Rodents.

### SLAYS 599 IN ONE DAY

Estimate His Death Dealing Work Will Save Community \$1,980 in One Year.

Jim Smith, of Carroll, won \$75 and first honors in the state-wide rat killing contest conducted by the Des Moines Register and the Iowa Farm Bureau, having a total of 990 rats to his credit at the close of the contest. Although Mr. Smith got a late start in the rat killing game, he forged to the front near the close of the crusade. Mr. Smith is in the employ of Hosea Heath, and his "kill" of 599 rats in one day was recently reported in the columns of The Times.

Mr. Smith's big "kill" of rodents was reported March 28 to County Agricultural Agent M. W. O'Donnell. April 1 he played an April fool joke on 125 rats by picking them off without warning. April 5 he slaughtered 235 rats and the next day accounted for a total of 31. This made a grand total of 990.

Not only does Mr. Smith win the \$75 cash prize, but his "kill" has saved the state of Iowa \$1,980 in cold cash. Figuring on a conservative estimate that a rat destroys at least \$2 worth of property a year, 990 of these rodents would either pollute or destroy \$1,980 worth of grain, food products or property had they lived for one year.

Running a close second was Walter H. Onken, of Greenfield, who won second money with a "kill" of 718. Third prize was awarded to Jim Stillman, of Dolliver, who killed 701 rats.

## Train Smashes Auto; Occupants Uninjured; Eggs and Cream Saved

Mr. and Mrs. Matt Schumacher, living southeast of Carroll, had a narrow escape from death Saturday morning when their Ford car was struck by a string of box cars being pushed through the Chicago & North-western yards by a switch engine. The Ford was turned half around, the front wheels were crushed, radiator and fenders were smashed, but the four occupants of the car were uninjured.

Mr. and Mrs. Schumacher and two daughters were approaching the Clark street railroad crossing from the south when they observed the flagman leave his post and motion to traffic to stop. Mr. Schumacher saw the smoke of a passenger train approaching from the east and was sure he had plenty of time to cross in safety. He did not, however, observe the box cars nearing the crossing from the opposite direction—not until the front wheels of his car were upon the track.

There was no opportunity for occupants of the car to jump before the crash came. In the car Mr. Schumacher had several dozen eggs and a can of cream. Only four eggs were broken and not a drop of cream was spilled.

### GRACE JEAN JACOBUS ONLY WOMAN CANDIDATE TO FILE

Grace Jean Jacobus, of Glidden, is the only woman in Carroll county to file nomination papers for county or township office with the county auditor. Glidden's woman candidate has filed nomination papers for the republican nomination for clerk of Glidden township.

## M'NIDER TO ADDRESS K. OF C. CEREMONIAL

Legion Commander on Davenport Program—Carroll Man Included in List of Speakers.

Davenport, Ia., April 19. (Special.) Lee J. Dougherty, of this city, master of the fourth degree, K. of C., for Iowa has received definite assurance from Hanford McNider, commander of the American Legion, that he will be present for the big fourth degree K. of C. ceremonial in Des Moines Sunday, May 28, to speak at the banquet.

Other speakers will include Admiral William S. Benson, retired, of Washington, D. C.; Judge M. J. Wade; J. F. Ford, of Fort Dodge, state deputy; Bishop Drumm, of the Des Moines Diocese; J. J. Meyers, of Carroll, supreme director of the K. of C., and Monsignor Flavin, of Des Moines, who is to give the banquet invocation.

## CARROLL MAN SUES CALHOUN WAR BOARD

M. A. Hoyt Demands \$8 Per Bushel for Corn Seized by Council in 1918.

### 50 DEFENDANTS NAMED

About \$6,000 Involved in Suit to Be Tried This Month in Buena Vista County Court.

Rockwell City, April 15. (Special.)—M. A. Hoyt, of Carroll, has brought suit in the Buena Vista county district court against the Calhoun county war council and others to recover the sum of \$6,500, which Mr. Hoyt claims he has coming to him for a crib of corn condemned by the war council and sold for seed during the spring of 1918. The case will come up in the next term of court at Storm Lake, during this month.

In his petition, Mr. Hoyt names as defendants the members of the Calhoun county war council, those who purchased the corn, C. C. Scott, county agent, and Abe Riseley, who was then acting as a special state marshal for the council by appointment of Governor Harding. All told, there are nearly 50 defendants in the case.

Corn Seized for Seed During the spring of 1918, when seed corn was scarce and the government was urging farmers to raise all the grain possible as a war measure and the new crop of corn was practically unfit for seed, a county-wide search was made for old corn and several cribs were found. In most instances, the owners of the old corn sold at fairly reasonable prices, although several times the market value.

The corn involved in the action brought by Mr. Hoyt against the war council was located in a crib near Lake City and was owned by Mr. Hoyt's mother, who since that time has died. When the Hoyts were approached as to the price of the corn, they asked \$8 per bushel. The war council considered this exorbitant, condemned the corn and sold the grain for seed to such farmers of the county as needed it.

Refused Proceeds of Sale Since the sale, the war council has offered to turn over the proceeds of the sale to the Hoyts, but it is reported that the money was refused. M. A. Hoyt, administrator of the estate, is now asking a price of \$6,500 for the corn. This, it is said, averages more than \$8 per bushel.

The war council has retained S. C. Stevenson, of Rockwell City, J. F. Lavender, of Rockwell City, and John Jacobs, of Lake City, as attorneys.

### HOG BREEDER PURCHASES SOME FINE POLAND CHINAS

Joe Rupiper, of near Roselle, has purchased from the firm of Taylor & Taylor, of What Cheer, Ia., a splendid addition to his purebred herd of spotted Poland China hogs, consisting of a sow and nine pigs, purebred and from some of the finest stock in the state. His shipment of porkers arrived in Carroll yesterday.

## Farmers and Bankers Can't Agree on Farm Land Values in Carroll County

What is the actual market value of Carroll county land?

Apparently well posted men in Carroll county—men who own farms or who loan money on farms—cannot agree on farm land values, and the subject of land valuations is being threshed out in federal court in Iowa as a result of several suits brought by railroad companies operating within the state against the governor, executive council, county auditors, county supervisors and other officials who have a hand in fixing the actual and taxable values of farm lands.

County Attorney W. I. Saul was in Council Bluffs a few days ago to present evidence to masters appointed by the federal court to take testimony in the railroad taxation case. Mr. Saul was permitted to place two witnesses on the stand and took with him to Council Bluffs, Martin Reinhardt, president of the Carroll County Farm Bureau, and R. M. Moehn, Carroll banker and sec-

## SUMMON JURORS FOR MAY TERM OF COURT

Judge M. E. Hutchison to Preside at Session Beginning Monday, May 8.

### FIVE WOMEN ON PANEL

Two of "Gentler" Sex Reside in Carroll, Two in Warren, One in Union Township.

Jurors have been drawn for the May term of district court in Carroll county, which convenes May 8, at 1:30 o'clock, at which time the grand jury will report to Judge M. E. Hutchison, who will preside at this term. The petit jurors are scheduled to appear one week later, May 15, at 1:30 o'clock.

Carroll has an unusually large number of names on the panel for this term of court, 11 men and women of this city having been summoned. The names of five women appear on the list, two from Carroll, two from Warren township and one from Union township.

Following is the list of jurors: Newton township—John J. Weitz, Stewart Hardie.

Union township—E. B. Patrick, A. G. Graham, Pearl Bower.

Warren township—Jurgen Joens, Christ Tank, C. C. Dammern, Ella Best, Mary West.

Jasper township—Earl Andrews, George Arnold, E. L. Dowling.

Glidden township—L. E. Orris, W. C. Marean, S. R. Leonard.

Arcadia township—Ed Leicht, Joseph Hoelscher, Ed Koch.

Carroll—W. E. Menges, Ed Reis, Edwin Hoffman, John Danner, Mary Collison, Edna Bryan, W. J. Hooley, J. B. Dopheide, John Buchholz, C. H. Rafferty, Arnold Fischer.

Edon township—John Schwaller, Joy Davis.

Washington township—Julius Ehlers.

Kniest township—Ben Schlerman, William Goecke.

Maple River township—Ben Schwabe.

Wheatland township—H. J. Nieland.

Grant township—William Thielcke.

Sheridan township—Jacob Loew.

Pleasant Valley township—Elmer Goodwin.

## AWARD CONTRACT FOR PRIMARY ROAD MAY 1

Plans Complete for Highway North to County Line—Object to Non-resident Engineer.

Contracts will be awarded Monday, May 1, for draining and grading Primary Road No. 18 from Carroll north to the Sac county line and for the construction of 40 reinforced concrete culverts on this stretch of road which will later be given its first coat of gravel. This is now a portion of what will some day become one of the greatest highways of the country, the Itasca Park highway, known on road maps as the central short route running north and south through the central portions of three states, Missouri, Iowa and Minnesota.

It is now planned by the county board of supervisors to award the contract for that portion of the road from Carroll south to the Audubon county line about May 15. H. O. Hiceck, an engineer from the office of the State Highway commission, was in Carroll Tuesday and went over a portion of the road with the board of supervisors in order to complete plans for its construction.

It has been learned that in many other counties in the state the resident or county engineer has charge of all primary road construction after the plans have been approved by the State Highway commission's engineers, and Carroll county supervisors contend that the same rule should apply in this county. For this reason the supervisors have not approved of the plan to have this work placed in charge of John Butler, an engineer sent here by the State Highway commission.

A Chicago will expert failed to make his own will before he died.

Mr. Reinhart testified that the market value of farm land in Carroll county is from \$150 to \$175 per acre. Mr. Moehn placed the value of farm land at from \$175 to \$200 per acre.

J. A. Dougherty, who does a general farm loan business, and I. A. Hoffmann, farm owner and drainage engineer, were subpoenaed by the railroad interests. Mr. Dougherty placed the average market value of Carroll county land at \$350. Mr. Hoffmann testified farm land in Carroll county is worth from \$350 to \$375 per acre.

Railroad interests claim that railroad property is assessed at its full value while farm lands are taxed only 28 per cent of their actual value. The railroads want their assessment lowered or the valuation of farm lands raised. Fourteen counties were represented in court.
